All rubble and debris from demolition to be removed from parcel off land and parcel of land filled and leveled to surrounding grade elevations.

Location of rubble and debris to be dumped _____ Initials _____

Applicant must provide documentation from the State of Missouri that the location rubble and debris is taken to is an APPROVED landfill.

Issuance of a Permit requires compliance of the following:

1. Work shall start immediately and be continuous without delay until compliance is attained within the designated time.
2. The progress of the work shall be executed so as not to create a danger to the occupancy or the public.
3. Meet all requirements of the codes and ordinances applicable to the work.

Each commercial or rental structure must obtain a pre-demolition inspection from an asbestos inspector licensed by the State of Missouri. Should the site contain asbestos, removal of such must be performed by a State of Missouri licensed asbestos removal contractor, before demolition is to commence.
